Reports:

Police: The statistics report for May was distributed. The Chevy Tahoe that was transferred to the Police Department for the K-9 unit has been put into service, it has just over 30,000 miles so hopefully it will last awhile.

Finance Director: The cash position report and the income tax report were discussed. The final report to ODOT was submitted last week so we should receive our reimbursement soon.

Village Manager: Thomas said Taste of the Town had a nice crowd even though the weather started with a little rain. The street crews are busy making repairs throughout town and the OPWC paving will begin later in the summer.

Council Call-Final Comments:

Siefring asked about the parking on the East side of the park. People are parking over the curb and it is hard to walk down the sidewalk. Thomas said we tried to paint a yellow line on the South side of the park but people don't pay attention to it and still park over the sidewalk.

Siefring also asked if there were any renovation plans for the pool. Thomas said other than upgrading a few slides the park board doesn't have any current plans.

Brunswick asked about a noise issue with Bruns Construction. Thomas said it has been taken care of.

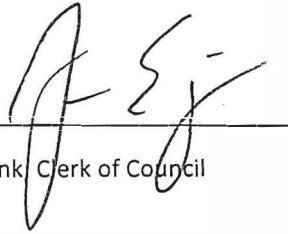

Rutschilling said he was approached about upkeep of the park, in particular trimming and edging. He also asked if it was legal to live out of a camper in town. Thomas will look into these issues. He was also approached about roadwork on Terrace Avenue but the crews were working on it today.

Bettinger asked about some loose bolts on Phase 1 of the playground. All of the bolts were tightened up last week and we will keep an eye on it.

A motion to adjourn was made by Siefring, second by Bettinger. Motion carried. Meeting adjourned at 7:21 PM.
